Water Conservation Tip

Know where your property shut-off valve is. In the event of a leak, knowing the location of your property shut-off valve could save you money on water and water damage repairs. The faster you can turn off the water, the less goes to waste.

Police Department Announcements

We have a certified Child Safety Seat Technician on staff! If you would like to have your child's safety seat checked you can make an appointment at the Police Department between 9am and 4:30pm.

The seat checks are free and may require up to 20 minutes.

Safety Tip

Check your tire pressures- cold freezes/thaws will cause a loss of 2-4lbs of pressure.
