They also offer education programs and job programs. Remember all of this is FREE! We ask all residents that can attend please do and find out more about this program!

I would like to personally thank everyone for their support in my first year of Town Manager. The overwhelming support from the residents, Council and staff keeps me driven to continue to dedicate myself to the Town of Greenwood. There are many projects that I have worked on and more that are in the planning stages and with each one I value the opinions of the residents, both negative or positive, and please know my door is always open. This newsletter has all of my contact information and please do not hesitate to call, email or stop by. Again, thank you all and we will continue to work together to make Greenwood "A small town with a BIG HEART".
